Crib sheet: The final examination is **closed book**. You may, however, bring two $8\ 1/2'' \times 11''$ sheets of paper for use as crib sheets. Preparing these crib sheets can be a useful study aid, so take time in selecting material for them. You may use both sides of the sheets and write as small as you like. No mechanical or electronic reproductions are allowed. Calculators are not allowed for this exam.

Material covered: The form of the final exam is similar to that of Quiz 1. The problems will emphasize knowledge of the material more than creativity. The final will cover all topics covered in the course. You are responsible for all the material covered in lectures, recitations, problem sets, and reading assignments throughout the course.

Exam conflict: If you are unable to attend the exam at the scheduled time, please send e-mail to `6046-staff@theory.lcs.mit.edu` by Friday, December 14. The conflict exam is scheduled for Thursday, December 20, from 1:30-4:30 pm in 8-302.

Final review: There will be a two-hour review of material covered on the final on Monday, December 17, from 7-9 pm in 2-190.

Graded finals: You can pick up your graded final from Ms. Leigh Deacon in NE43-201 in January.
