Handout 4
February 7, 2002

Readings on Program Verification

- First chapter of Jeffrey Kingston's book *Algorithms and Data Structures: Design, Correctness, Analysis.* Addison-Wesley Publishing Co., 1991. This is required reading.

Due to copyright concerns we will not make this chapter available via the web. If you missed the in-class handout, you can obtain a copy from the course secretary.

Bring this handout to recitation on Friday, February 8.
