Homework Assignment 4, Part b

Due: Thursday, November 4, 1999

Reading:

Chapters 11 (skim), 12, 13.

Problems:

5. Exercise 11.7. Also, can you make any general statements about time bounds for rings having certain kinds of classifications of processes as "right" and "left"?
6. Exercise 12.5.
7. Exercise 13.5.
8. Exercise 13.17. For the correctness argument, just give a sketch.
