Homework Assignment 2, Part b

Due: Thursday, October 7, 1999

Reading:

Section 7.1 (but just the overview to 7.1.3), 7.3. Skim 7.2. Chapter 8.

Problems:

5. Exercise 7.1. Specifically, (a) prove that no execution of the algorithm can produce more than the number of values you specify, and (b) describe an execution in which that number of values is actually produced.
6. Exercise 7.15
7. Exercise 8.5.
8. Exercise 8.9.
